Rave Reviews for WHY WOMEN:

“Fabulous, straightforward book about the importance of developing women. Jeffery does a terrific job presenting a strong business case, complete with eye-popping statistics that spur readers into action. His approach is **factual**, and it makes you stand up and take notice, particularly the examples of specific industries that aren’t paying attention to women customers. He also tells it like it is. He shares with readers what executive men say about women in the workforce. His transparency is refreshing. I couldn’t put the book down.”

—Sharon Orlopp, Global Chief Diversity Officer, Fortune Top 10 Company
